#### Frame

Dedo Easy Chair's frame is made out of solid wood - oak. Elastic cotton ropes are connecting the backrest with the frame, providing cushion support. Felten gliders are attached to the chair legs and are suitable for most flooring options.

#### Upholstery

Seat cushion is attached to the frame body, while the back cushion is connected with the belts to the backrest frame. Two material options for upholstery are available: leather or fabric, while cushion belts are always in leather options. For further information please see Available materials and colours page in this document.

#### Finish

Wooden parts are available in two plant-based Hardwax oil finishes (colours), which retain the wood's natural state, as a white or natural oil.

#### Cleaning

Please see [Product](#) or [Material](#) page on our website.

### Notes to consider
